#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. 16960 Highway 90 Des Allemands, Louisiana 70030

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Des Allemands Volunteer Fire Department, Inc., as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Des Allemands Volunteer Fire Department, Inc.'s basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Louisiana Governmental Audit Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. June 24, 2015

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Des Allemands Volunteer Fire Department, Inc., as of December 31, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Des Allemands Volunteer Fire Department, Inc.'s basic financial statements. The schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis as required by Act 706 of the 2014 Louisiana Legislative Session and is not a required part of the basic financial statements.

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. June 24, 2015

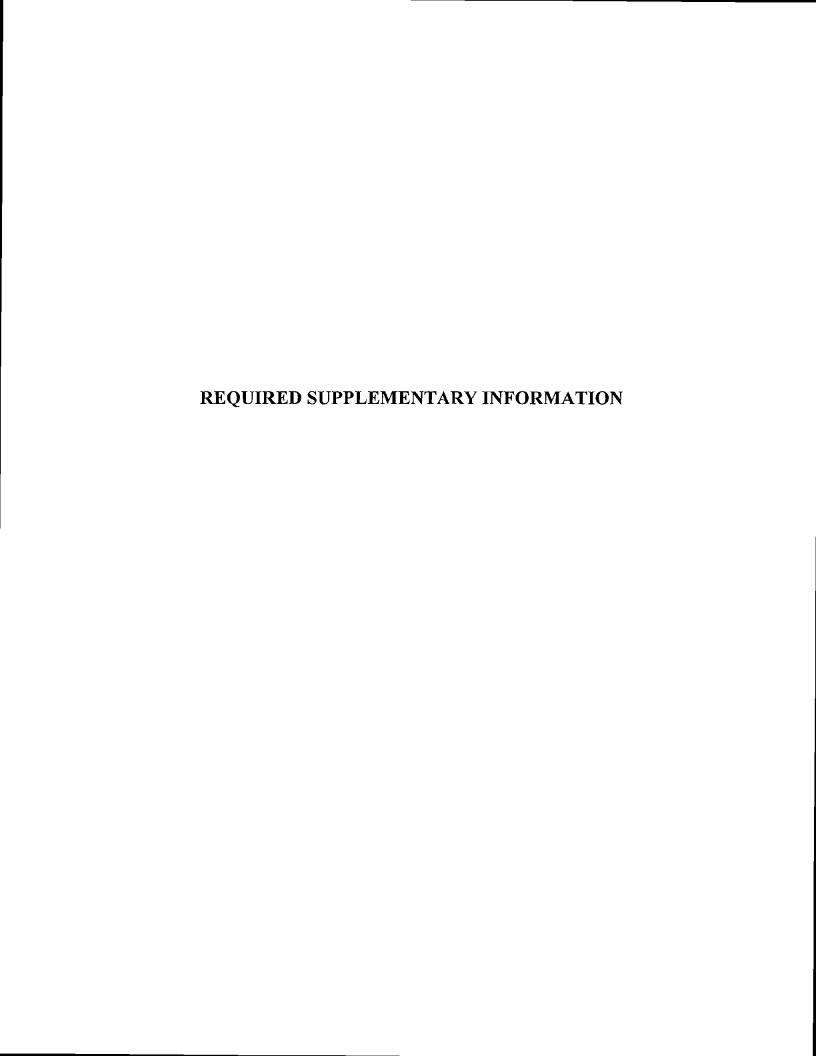

The schedule of compensation, benefits, and other payments to agency head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 24, 2015, on our consideration of Des Allemands Volunteer Fire Department, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Des Allemands Volunteer Fire Department, Inc.'s internal control over financial reporting and compliance. DES ALLEMANDS, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014

This section of the Des Allemands Volunteer Fire Department, Inc. (the Fire Department) annual financial report presents management's analysis of the Fire Department's financial performance for the year ended December 31, 2014. This analysis should be read in conjunction with the audited financial statements, which follow this section.

#### FINANCIAL HIGHLIGHTS

- 1. The Fire Department's net position decreased by \$64,277
- 2. The general revenues of the Fire Department were \$272,217.
- 3. The total expenses of the Fire Department were \$336,494.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of two sections: Management's Discussion and Analysis and audited financial statements. The financial statements also include notes that provide additional detail of the information included in the financial statements.

#### BASIC FINANCIAL STATEMENTS

The financial statements of the Fire Department report information about the Fire Department using accounting methods similar to those used by private companies. These financial statements provide financial information about the activities of the Fire Department.

The Statement of Net Position presents information that includes all of the Fire Department's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Fire Department as a whole is improving or deteriorating.

The Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities presents information on how the Fire Department's net position changed as a result of current period operations.

The following presents condensed financial information of the Fire Department.

## SUMMARY OF NET POSITION AS OF DECEMBER 31, 2014 AND 2013

Total net position	\$	431,277	\$ 495,554

Total assets decreased by \$135,470 (9%). This decrease is primarily due to disposals of capital assets during the year.

Total liabilities decreased by \$71,193 (7%) primarily due to payments being made during the year on long-term debt.

Total net position decreased by \$64,277 (13%) as a result of operations.

#### SUMMARY OF REVENUES, EXPENDITURES/EXPENSES AND CHANGES IN NET POSITION FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

	December 31, 2014	December 31, 2013

Change in net position	\$ (64,277)	\$ (66,379)
Total net position	\$ 431,277	\$ 495,554

The change in net position increased by \$2,102 (3%). This is a result of a decrease in expenses such as maintenance and supply accounts.

DES ALLEMANDS, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014

#### CAPITAL ASSETS

Following is a schedule of capital assets, net of accumulated depreciation:

December 31, 2014		December 31, 2013	
Land	\$ 78,010	\$ 78,010	
Buildings and improvements	1,125,763	1,135,217

Total capital assets, net of accumulated depreciation	\$ 1,098,632	\$ 1,227,588	

The major additions to capital assets during 2014 consisted of a vehicle and a condenser for the building. Major disposals consisted of various fire-fighting gear and office equipment.

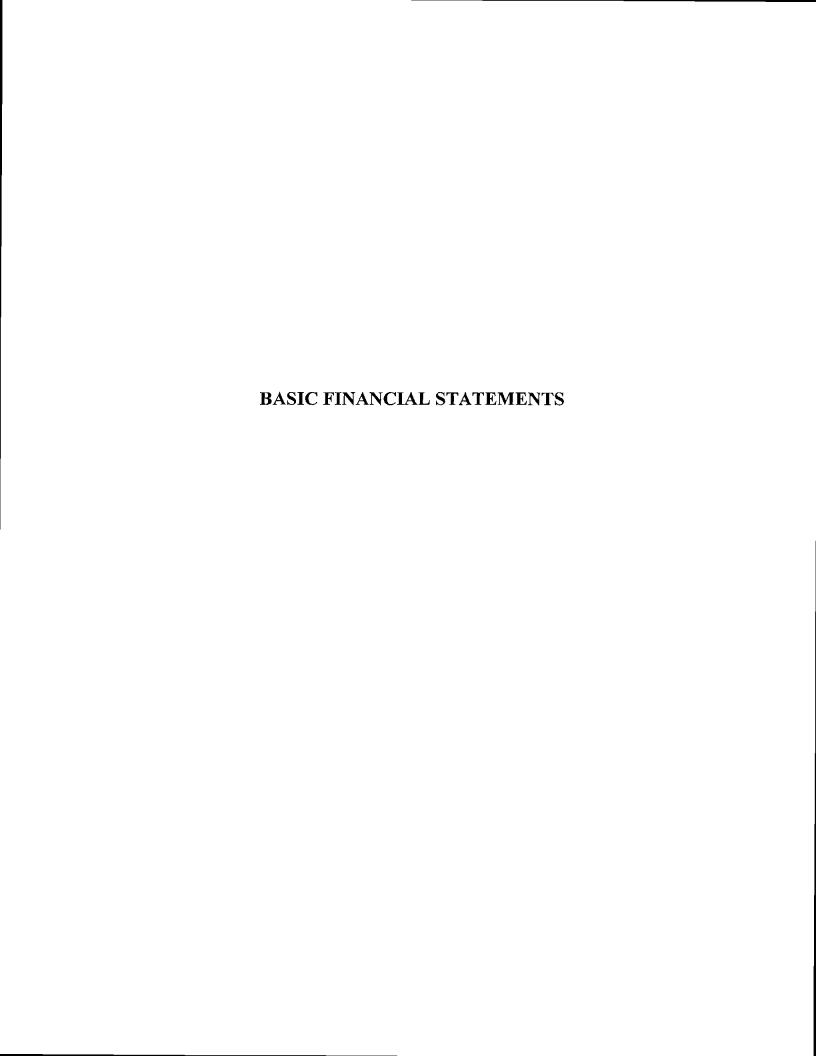

#### LONG TERM DEBT

In 2007, the Fire Department borrowed \$920,000 from St. Charles Parish for the construction of a new fire station. As of December 31, 2014, the remaining balance on the loan was \$750,000.

In 2010, the Fire Department borrowed \$300,000 from a bank for the purchase of a new fire truck. As of December 31, 2014, the remaining balance on the loan was \$140,000.

#### CONTACTING THE FIRE DEPARTMENT'S MANAGEMENT

This report is designed to provide a general overview of the Fire Department and to demonstrate the Fire Department's accountability for its finances. If you have any questions about this report or need additional information, please contact Tracy Loupe, Des Allemands Volunteer Fire Department, Inc., 16960 Hwy 90, Des Allemands, Louisiana 70030.

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2014

Net change in fund balance - governmental fund	\$	(6,514)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays of \$40,791 was less than depreciation expense of \$156,989 in the current period.		(116,198)
In the Statement of Activities, the loss on the disposal of assets is reported, whereas in the governmental funds, the proceeds from the sale increases financial resources. The change in net position differs from the change in fur balance by the cost of the assets discarded \$72,071, net of related accumulated depreciation of \$59,313.	nd	(12,758)
Repayments of note principal are reported as financing uses in governmental funds and thus contribute to the reduction in fund balance. In the Statement of Net Position, however, repayment of debt decreases the long-term liabilities and does not affect the statement of activities.		70,000
Under the modified accrual basis of accounting used in the governmental funds, interest on long-term debt is not recognized until due, rather than as it accrues.		1,193
Change in net position of governmental activities	<u>\$</u>	(64,277)

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Reporting Entity

The Des Allemands Volunteer Fire Department, Inc. (Fire Department) receives funding from local and state government sources and must comply with the concomitant requirements of these funding source entities. However, the Fire Department is a "primary government" and is not included as a component unit of any other St. Charles Parish governmental "reporting entity" as defined in GASB pronouncements, since the entity is a non-profit corporation, and the board members have decision making authority, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. The Fire Department includes all activities that are controlled by it as a quasi-public non-profit corporation organized to provide fire protection to the Parish of St. Charles. The Fire Department has no component units.

The accounting and reporting policies of the Fire Department conform to generally accepted accounting principles as applicable to governmental units.

#### **Basis of Presentation**

The Fire Department's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the Fire Department are discussed below.

The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments, issued in June 1999, as amended by GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

#### Basic Financial Statements - Government-Wide Financial Statements (GWFS)

The Fire Department's basic financial statements include both government-wide (reporting the Fire Department as a whole) and fund financial statements (reporting the Fire Department's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Fire Department's fire protection activities and related general administrative services are classified as governmental activities. The Fire Department does not have any business-type activities.

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Basic Financial Statements - Government-Wide Financial Statements (GWFS) (continued)

In the government-wide Statement of Net Position (Exhibit A), the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables. The Fire Department's net position is reported in two parts – net investment in capital assets and restricted for fire protection.

The government-wide Statement of Activities (Exhibit B) reports both gross and net cost of the Fire Department's function. The function is supported by general government revenues (1/8 cent sales tax and ad valorem tax). The Fire Department does not receive related program revenues and operating grants which would reduce gross expenses in the Statement of Activities.

This government-wide focus is on the sustainability of the Fire Department as an entity and the change in the Fire Department's net position resulting from current year's activities.

#### Basic Financial Statements - Fund Financial Statements (FFS)

The financial transactions of the Fire Department are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflow of resources, liabilities, deferred inflow of resources, reserves, fund equity, revenues and expenditures. The Fire Department's current operations require the use of only the following fund type:

#### Governmental Fund:

The focus of the governmental fund's measurement (in the fund statement) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. In general, fund balance represents the accumulated expendable resources, which may be used to finance future operations of the Fire Department.

#### General Fund

The General Fund is the principal fund of the Fire Department and is used to account for the operations of the Fire Department. General revenues are accounted for in this fund. General operating expenditures are paid from this fund.

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

#### **Accrual**

The governmental activities in the government-wide financial are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

#### Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

The Fire Department records are maintained on the cash basis of accounting. However, the General Fund reported in the accompanying financial statements has been converted to a modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures:

#### Revenues

Sales taxes are recorded in the month the taxes are collected by the St. Charles Parish School Board. Sales taxes become payable to the St. Charles Parish School Board on the first day of the month and become delinquent on the 20th day of the month following incurrence of the taxes by businesses.

An ad valorem issue is dedicated to the operations of the nine volunteer fire departments in St. Charles Parish. The tax millage expires in 2020. Each department is to receive one ninth of annual collections. Taxes levied in November each year are available for expenditures in the subsequent year.

Interest income on investments is recorded when the investments have matured and income is available.

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Accounting (continued)**

#### Revenues (continued)

All other revenues are recorded when received.

The majority of the Fire Department's revenues are derived from the one-eighth of one percent sales tax and the ad valorem tax for operations.

#### **Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

#### Cash

The Fire Department is authorized under state law to deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, and the laws of the United States. The Fire Department may also invest in time certificates of deposit with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Under state law, these deposits must be secured by the fiscal agent bank. The market value of such pledged securities and federal deposit insurance must equal or exceed the amount on deposit with the fiscal agent.

Cash and deposits are categorized into three categories of credit risk.

Category 1 includes deposits covered by federal depository insurance or by collateral held by the Department or its agent, in the Department's name.

Category 2 includes deposits covered by collateral held by the pledging financial institution's trust department, or its agent in the Department's name.

Category 3 includes deposits covered by collateral held by the pledging financial institution, or its trust department or agent but not in the Department's name, and deposits which are uninsured or uncollateralized.

At December 31, 2014, the carrying amount and the bank balances of deposits of the primary government are summarized as follows:

	Bank			
	1	2	3	Bank Balance
Cash	\$ 115,684	\$ -	\$ -	\$ 115,684

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Budgets and Budgetary Accounting**

The Fire Department was not required to prepare a budget for the year ended December 31, 2014.

#### Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Fire Department maintains a threshold level of \$1,000 or more for recording capital assets. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets are recorded in the Statement of Net Position and depreciation is recorded in the Statement of Activities. Since surplus assets are sold for an immaterial amount or scrapped when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets are depreciated using the straight-line method over the following useful lives:

	Estimated
Description	<u>Lives</u>
Equipment	5 - 15 years
Fire protection vehicles	5 - 15 years
Fire stations and other buildings	10 - 40 years

In the fund financial statements, fixed assets are accounted for as capital outlay expenditures of the fund upon acquisition.

#### **Equity Classifications**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

a. <u>Net investment in capital assets</u> - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31. 2014

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Equity Classifications (Continued)**

- b. <u>Restricted net position</u> consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. <u>Unrestricted net position</u> net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

Governmental fund equity is classified as fund balance. In the governmental fund financial statements, fund balances are classified as follows:

- a. Nonspendable amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- b. <u>Restricted</u> amounts that can be spent only for specific purposes because of state, local or federal awards or externally imposed conditions by grantors or creditors.
- c. <u>Committed</u> amounts that can be used for specific purposes determined by formal action by an ordinance or resolution.
- d. <u>Assigned</u> amounts that are designated by the formal action of the government's highest level of decision making authority.
- e. Unassigned amounts not included in other classifications.

The Board of Directors, as the highest level of decision-making authority, can establish, modify or rescind a fund balance commitment. For assigned fund balance the Board of Directors authorizes management to assign amounts for a specific purpose.

When both restricted and unrestricted fund balances are available for use, it is the Board of Director's policy to use restricted resources first, then unrestricted as needed. When committed, assigned or unassigned fund balances are available for use it is the Board of Director's policy to use committed resources first, then assigned resources and unassigned resources as they are needed.

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Date of Management Review**

Management has evaluated subsequent events through June 24, 2015, the date which the financial statements were available to be issued.

#### **New Accounting Pronouncements**

The GASB has issued Statement No. 67, "Financial Reporting for Pension Plans." The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2013. This Statement did not have a material effect on the Fire Department's financial statements upon implementation.

The GASB has issued Statement No. 69, "Government Combinations and Disposals of Government Operations." The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2013. This Statement did not have a material effect on the Fire Department's financial statements upon implementation.

The GASB has issued Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees." The requirements of this Statement will enhance comparability of financial statements among governments by requiring consistent reporting by those governments that extend nonexchange financial guarantees and by those governments that receive nonexchange financial guarantees. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2013. This Statement did not have a material effect on the Fire Department's financial statements upon implementation.

#### (2) SALES TAX REVENUE

#### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. Des Allemands, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Des Allemands Volunteer Fire Department, Inc. as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Des Allemands Volunteer Fire Department, Inc.'s basic financial statements and have issued our report thereon dated June 24, 2015.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Des Allemands Volunteer Fire Department, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Des Allemands Volunteer Fire Department, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Des Allemands Volunteer Fire Department, Inc.'s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. June 24, 2015

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 2014-001 to be a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Des Allemands Volunteer Fire Department, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### Des Allemands Volunteer Fire Department, Inc.'s Response to Findings

Des Allemands Volunteer Fire Department, Inc.'s response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Des Allemands Volunteer Fire Department, Inc.'s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document. fre Kuntil La Ister

## SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2014

#### SECTION I SUMMARY OF AUDITORS' REPORTS

- 1. The independent auditors' report expresses an unmodified opinion on the financial statements of Des Allemands Volunteer Fire Department, Inc.
- 2. One material weakness disclosed during the audit of the financial statements is reported in the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Prepared in Accordance with *Government Auditing Standards*.
- 3. No instances of noncompliance material to the financial statements of Des Allemands Volunteer Fire Department, Inc., were reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 4. A management letter was issued for the year ended December 31, 2014.

#### SECTION II FINANCIAL STATEMENT FINDINGS

#### 2014-001 Segregation of Duties

<u>Criteria</u>: Safeguarding of assets requires adequate segregation of duties in an effective internal control structure. No one person should have access to both physical assets and the related accounting records or to all phases of a transaction.

<u>Condition</u>: Our evaluation of the internal control structure revealed an absence of appropriate segregation of duties consistent with appropriate control objectives regarding cash receipts and disbursements.

Effect: Intentional or unintentional errors could be made and not be detected.

<u>Cause</u>: The Department is small and therefore it is not feasible to maintain an adequate segregation of duties among accounting personnel.

<u>Recommendation</u>: The Board of Directors should remain involved in the day-to-day financial affairs of the Department to provide oversight and an independent review of functions. The bookkeeper should not be an authorized check signer and should not have access to cash receipts. Instead, someone independent of the bookkeeper should prepare a list of checks received and should make bank deposits. The list would be given to the bookkeeper for general ledger recording.

<u>Management's Response</u>: Management agrees with the recommendation; however, because of the small number of personnel in the Department it is not possible to remove the bookkeeper from the depositing and check signing responsibilities. The Board of Directors, however, will continue to monitor and review all financial transactions of the Department.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2014

## SECTION I INTERNAL CONTROL AND COMPLIANCE MATERIAL TO THE FINANCIAL STATEMENTS

#### 2013-001 Segregation of Duties

Our evaluation of the internal control structure revealed an absence of appropriate segregation of duties consistent with appropriate control objectives relative to cash receipts and disbursements.

The Department is small, and it was determined not to be feasible to maintain adequate segregation of duties. This issue remains unresolved.

#### MANAGEMENT LETTER

To the Board of Directors of the Des Allemands Volunteer Fire Department, Inc. Des Allemands, Louisiana

In planning and performing our audit of the financial statements of Des Allemands Volunteer Fire Department, Inc. (the Fire Department), as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, the Louisiana Governmental Audit Guide, and the standards applicable to financial audits contained in Government Auditing Standards we considered the Fire Department's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fire Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fire Department's internal control.

However, during our audit, we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. This letter summarizes our comments and suggestions concerning these matters. This letter does not affect our report dated June 24, 2015, on the financial statements of Des Allemands Volunteer Fire Department, Inc.

We will review the status of this comment during our next audit engagement. We have already discussed this comment and suggestion with various Des Allemands Volunteer Fire Department, Inc. personnel, and we will be pleased to discuss this comment in further detail at your convenience, to perform any additional study of this matter, or to assist you in implementing the recommendation.

Our comments are summarized as follows:

#### 2014-002 Notice of Fraud Hotline

Louisiana R.S. 24:523.1 states that a notice prepared by the Louisiana Legislative Auditor (LLA) containing information for the reporting of any misappropriation, fraud, waste, or abuse of public funds be posted in conspicuous place in the Fire Department's premises and that a link to the LLA hotline be posted on the website of the Fire Department. We recommend the Fire Department contact their website designer and add the required LLA hotline link and also post the notice on the Fire Department's premises.
